Just some of the features available on MyBlue:

View Claims & Benefits

Check claims status and review your benefits, or benefits for your spouse or dependents, online. Plus, quickly download forms, track your deductible and access Member Health Statements.

Find a Provider

Find a BCBSAZ-contracted healthcare provider, hospital or specialist with our comprehensive Find a Doctor online search tool. Search by plan type, name, specialty or location and view detailed area maps. Print driving directions with the online mapping feature.

See Healthcare Costs

Access tools that can help you find out costs before you get healthcare services, including the Treatment Cost Estimator.

Compare Hospitals

The hospital quality comparison tool helps you compare the quality of hospital care among U.S. hospitals. The tool includes information on the location of hospitals, type of facilities and numerous quality-of-care measures.

Access HealthyBlue

HealthyBlue, available through MyBlue, is Blue Cross Blue Shield of Arizona's integrated health and wellness program that can help you and your family make the best use of health-related online tools, resources and services.
