

WATER-WISE SURPRISE FREE

landscape & water efficiency workshops

Surprise Gateway Training Center ♦ 13659 W Cactus Road
(east of Litchfield Road on the south side of Cactus Road)

SPRING 2020 WORKSHOP SERIES

WATER 101

Water resource management in Arizona is unique from any other state. We are here to break it down for you and share more about the services that the City of Surprise offers. Join a special panel of water resource management specialists whose experience ranges from water quality and treatment operations to resource planning and conservation.

SATURDAY, FEBRUARY 8 | 9 TO 11 A.M.

INTRODUCTION TO XERISCAPE

What is Xeriscape and why should I care? Learn the seven principles of Xeriscape and how it can benefit your yard and budget.

THURSDAY, FEBRUARY 13 | 6 TO 8 P.M.

LANDSCAPE WATERING IN THE DESERT

It's as easy as 1-2-3! Water-wise landscaping matches how much water your plants really need with how much water your irrigation system applies. Additional topics included in this course are turf watering, irrigation system components, and controller programming.

SATURDAY, MARCH 7 | 9 TO 11 A.M.

FIX-A-LEAK TUTORIAL

In preparation for EPA's annual Fix-a-Leak week on March 16-22, your Surprise water conservation team will teach you how to use your water meter to locate and fix leaks inside and outside of the home.

THURSDAY, MARCH 12 | 6 TO 8 P.M.

CACTI & SUCCULENTS

Congratulations on choosing a desert-adapted landscape! Come nerd out on desert plants with us as we learn how to grow, transplant, and care for them appropriately.

THURSDAY, APRIL 2 | 6 TO 8 P.M.

RAINWATER HARVESTING

Explore the benefits and requirements of active versus passive rainwater harvesting, and get a special preview of the City's upcoming rainwater harvesting project.

SATURDAY, APRIL 11 | 9 TO 11 A.M.
