

RESOLUTION # 2021-54

A RESOLUTION OF THE MAYOR AND COUNCIL OF THE CITY OF SURPRISE, ARIZONA UPDATING THE CITY OF SURPRISE COMPREHENSIVE FINANCIAL MANAGEMENT POLICIES FOR FISCAL YEAR 2022; AND REPEALING CONFLICTING RESOLUTIONS.

WHEREAS, the City desires to establish sound financial policies and principles to contribute to sound financial management continuity in handling financial affairs and preserving the City's fiscal integrity;

WHEREAS, the City currently has in place a set of Comprehensive Financial Management Policies, in order to achieve sound financial management continuity in handling its financial affairs and to preserve its fiscal integrity; and

WHEREAS, the City now desires to update the Comprehensive Financial Management Policies for the 2022 Fiscal Year.

NOW, THEREFORE, BE IT RESOLVED by the Mayor and Council of the City of Surprise, Arizona, as follows.

Section 1. The Fiscal Year 2022 Comprehensive Financial Management Policies set forth in *Exhibit A* attached hereto and incorporated by reference herein is adopted effective as of July 1, 2021, the beginning of Fiscal Year 2022.

Section 2. All resolutions in conflict with the provisions of this Resolution are repealed.

Section 3. The Finance Director is hereby authorized and directed to take the appropriate steps to incorporate the changes into the Comprehensive Financial Management Policies of the City of Surprise and disseminate the new policies as necessary.

APPROVED AND ADOPTED this 4 day of May, 2021.

Skip Hall, Mayor

Attest:

Approved as to form:

Sherry Aguilar, City Clerk

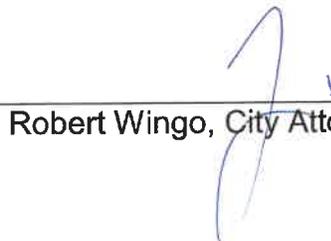

Robert Wingo, City Attorney

EXHIBIT A
FISCAL YEAR 2022
COMPREHENSIVE FINANCIAL MANAGEMENT POLICIES

CITY OF SURPRISE, ARIZONA
COMPREHENSIVE FINANCIAL MANAGEMENT POLICIES
EFFECTIVE JULY 1, 2021

Introduction

The City Council's Strategic Plan Framework, goals, and objectives provide the foundation for the comprehensive financial management policies. The City's comprehensive financial policies provide the roadmap to achieve financial resiliency and demonstrate the City's commitment to sound financial management practices. As defined by the Government Finance Officers Association (GFOA), the City Council strives to build a financially resilient government through financial policies and long-term financial planning. The GFOA has identified eight characteristics of a financially resilient government:

1. Diversity: Avoid reliance on a single solution.
2. Redundancy: Avoid having only one path of rescue.
3. Decentralization: Centralized systems look strong, but failure is catastrophic.
4. Transparency: Make it easier to figure out where a problem may lie. Share plans and listen when people point out flaws.
5. Collaboration: Working together to become stronger.
6. Fail Gracefully: Failure happens. Make sure failure won't make things worse.
7. Flexibility: Be ready to change when plans aren't working. Don't expect stability.
8. Foresight: Think and prepare.

Financial policies contribute to increased public confidence and trust as well as provide clear direction to City staff concerning the diligence and stewardship with which public monies are to be managed. Adopted financial policies show our citizens, the credit rating industry, and prospective investors (bond buyers) the City's commitment to financial resiliency. These policies are presented in the following five areas:

1. Operating Management
2. Capital Management
3. Debt Management
4. Minimum Fund Balance
5. Financial Reporting

Operating Management Policies

1. All departments will participate in the responsibility of meeting policy goals and ensuring long-term financial resiliency.
 2. The budget shall be considered balanced if revenues plus use of fund balance are equal to or exceed total expenses, by fund. The budget process is intended to weigh all competing requests for City resources, within expected fiscal constraints.
 3. The City Budget is adopted by department within each fund and by project in the capital funds.
 4. The full-time equivalent (FTE) count and number of full-time positions are adopted by department within each fund.
 5. Budget amendments will be done in accordance with the Budget Amendment Policies and Procedures.
-

APPENDIX

Comprehensive Financial Management Policies

6. Long-range financial plans will be prepared to guide the City and ensure the delivery of needed services due to changes in the economy, service demands, and capital improvements.
 7. Regional considerations and intergovernmental relationships will be evaluated to fund both operating services and capital projects.
 8. The City Council will consider citizen input and review the operating and capital budget recommendations from an outcome and goals perspective.
 9. A diversified revenue system will be developed to protect City services.
 10. The City Council will set the amount to be received from primary property taxes annually. The amount is limited to one-hundred and two percent (102%) of the prior fiscal year's maximum allowable levy plus new construction and reimbursement for the prior calendar year's tort liability payments.
 11. The City currently imposes an additional one and one-half percent (1.5%) transaction privilege tax on construction dedicated to the construction of new roadways and to refurbishing existing transportation corridors. The revenue is recorded in the Transportation Improvement Fund and will be used to fund transportation projects in the Capital Improvement Plan.
 12. The City currently imposes a four and fifty-two hundredths percent (4.52%) transaction privilege tax on transient lodging. The four and fifty-two hundredths percent (4.52%) tax rate is then split, with three and fifty-two hundredths percent (3.52%) recorded in the Tourism Fund to be used for promoting tourism and one percent (1.0%) recorded in the General Fund. The three and fifty-two hundredths percent (3.52%) recorded in the Tourism Fund has been committed by City Council to be used for promoting tourism. Of the amount recorded in the Tourism Fund, the Tourism Fund Subcommittee has designated that seventy-five percent (75%) is spent for sports tourism facility development and improvement and twenty-five percent (25%) on marketing, studies, and special events.
 13. Water, Wastewater, Stormwater, and Solid Waste user fees and charges will be examined annually to ensure they recover all direct and indirect costs of service and will be approved by the City Council.
 14. All user fees (excluding water, wastewater, stormwater, and solid waste) will be examined periodically to determine the direct and indirect cost of service recovery rate. The acceptable recovery rate and any associated changes to user fees and charges will be approved by the City Council.
 15. Grant funding will be considered to leverage City funds and requires City Council approval prior to acceptance.
 16. Cash balances identified for investments will be maintained in accordance with state law and the adopted investment policy to ensure that proper controls and safeguards are maintained. City funds will be managed with an emphasis on safety of principal, liquidity, and yield, in that order.
 17. Employee compensation and benefits will be administered in accordance with the policy given by the City Council. Healthcare costs will be shared between the City and employees and this allocation will be evaluated annually.
 18. The Healthcare Self-Insurance Trust Fund was created under the authority of Arizona Revised Statute § 11-981. The Board of Trustees is charged to administer the trust fund and "make recommendations to the City Council regarding trust fund programs, including amount of appropriations to assure stability and security of the trust fund."
-

19. An actuarial evaluation will be performed annually to determine the Incurred but Not Reported (IBNR) claim liability. This amount is required by accounting practices and represents the cost of unpaid claims (claims run-out), assuming the City stops being self-insured.
20. The City will optimize the efficiency and effectiveness of its services to reduce costs and improve service quality.
21. The City will maintain a methodology for allocating the City's indirect costs to service departments. A consultant may be hired to update the plan periodically.
22. All cash transfers between funds must be approved by City Council. Transfers to record capital assets within operating and capital funds are not presented to the City Council as these are administrative in nature.
23. All initial inter-fund loans must be approved by City Council.
24. All use of budgetary contingency accounts must be approved in accordance with the Budget Amendment Policies and Procedures prior to being expended.

Capital Management Policies

25. The City shall use an integrated approach to capital planning and financing in preparing a five-year Capital Improvement Plan. Only the first year of the plan will be adopted by the City Council.
 26. The Capital Improvement Plan will include funding to support repair and replacement of capital equipment and infrastructure. A high priority should be placed on those items where deferring maintenance will result in greater cost to restore or replace. Proposed capital projects will be prioritized based on the City Council's goals and objectives, the General Plan, and master plans.
 27. Future operating, maintenance, and replacement costs associated with new capital improvements will be included as a schedule within the annual budget document. Capital projects will include a fiscal impact statement disclosing the expected operating impact of the project and when such cost is expected to occur.
 28. All revenues from the two and two-tenths percent (2.2%) transaction privilege tax on construction will be retained in the General Capital Fund.
 29. A sustainable and consistent revenue source should be identified so that a portion of this source may be dedicated to asset replacement funding. The amount dedicated to asset replacement will be incrementally increased each year until an adequate amount has been established as determined during the annual budget process.
 30. Separate asset replacement funds will be established in the areas including, but not limited to, Information Technology/Communications, Fleet, Facilities, Roads, and Community Services. The budget of each asset replacement fund will be managed by the appropriate department in order to meet the needs of their asset replacement program. As part of the annual budget process, asset replacement funding will be allocated across these funds and any unspent amount will carryover year to year.
 31. The City currently imposes an additional one and one-half percent (1.5%) transaction privilege tax on construction dedicated to the construction of new roadways and to refurbishing existing transportation corridors. The revenue is recorded in the Transportation Improvement Fund and will be used to fund transportation projects in the Capital Improvement Plan.
 32. As permitted by state law, the City shall maintain a financial structure to ensure future development pays for itself and is not a burden on existing residents (i.e. "growth pays for growth"). Elements of this financial structure
-

APPENDIX

Comprehensive Financial Management Policies

include impact fees, development agreements, Improvement Districts (IDs) and Community Facility Districts (CFDs).

33. Impact fees for infrastructure attributable to new development will be reviewed at least every other year to ensure that fees recover all direct and indirect development-related expenses, as permitted by state law, and will be approved by the City Council.
34. Any capital assets dedicated or donated to the City such as infrastructure, land, right-of-ways, easements, etc. must be approved by the City Council which must include a valuation of the assets.

Debt Management Policies

35. The City shall periodically report measurable steps taken in striving towards achieving and maintaining the highest possible bond ratings. This will minimize borrowing costs, optimize access to credit, and demonstrate excellent financial stewardship on behalf of our residents.
36. An analysis showing how a new debt issue combined with current outstanding debt impacts the City's debt capacity and conformance with City debt policies will accompany every proposal.
37. General Obligation debt, which is supported by property tax revenues, will be utilized as authorized by voters. Other types of voter-approved debt (e.g. water and wastewater) may also be utilized when they are supported by dedicated revenue sources (e.g. fees and user charges).
38. Municipal Property Corporation, trust agreements, and contractual debt, all of which are non-voter approved, will be utilized only when approved by City Council.
39. Improvement District (ID) and Community Facility District (CFD) bonds shall be permitted only when there is a general City benefit as defined and approved by the City Council.
40. Utility rates will be established to ensure the ratio of net revenues to debt service meets bond indenture requirements.
41. The Arizona Constitution provides that the general obligation bonded indebtedness for a city may not exceed twenty percent (20%) of the net secondary assessed valuation of the taxable property of the city for projects for purposes of water, wastewater, artificial light, open space preserves, parks and recreational facilities, public safety, law enforcement, fire and emergency services facilities, streets, and transportation facilities. Outstanding general obligation bonded indebtedness for all other purposes may not exceed six percent (6%) of the City's net secondary assessed valuation.
42. The City will follow appropriate procedures with regard to obligations under continuing disclosure undertakings as identified by the Securities and Exchange Commission under the Securities Exchange Act of 1934.
43. The City will follow appropriate procedures with regard to tax exempt obligations as identified by the Internal Revenue Code of 1986.

Minimum Fund Balance Policies

44. Minimum fund balances are not intended to be spent. The purpose of the minimum fund balance is to ensure the City has adequate resources to meet its needs. If the necessity arises to draw down a fund balance below the minimum requirements that have been set, a plan to replenish the minimum fund balance will be presented to the City Council for approval.
-

45. Minimum fund balance requirements will be evaluated annually for long-term adequacy and use requirements.

46. The City has formally adopted a minimum fund balance policy for the following governmental funds:

- a. The General Fund will maintain a reserve equal to at least two months of budgeted personnel, supplies, and services for the General Fund, Ground Ambulance Fund, and Highway User Revenue Fund. This amount will be allocated across a three-part reserve as follows:
 - i. Ten percent (10%) will be dedicated to an Emergency Reserve for unexpected, large-scale expenses resulting from events where immediate, remedial action must be taken to protect the health and safety of residents, all unassigned fund balance has been exhausted, and no amount previously appropriated by the City Council is otherwise available. Any use of the Emergency Reserve must be approved by the City Manager or designee. When this occurs, the City Manager shall provide a summary report to the City Council as soon as practical on the usage of these funds and have City Council approve any necessary budget amendments. At that time, the City Manager will also present a plan to restore the Emergency Reserve within the next fiscal year following the fiscal year in which the event occurred.
 - ii. Sixty percent (60%) will be dedicated to an Operating Reserve for unexpected events such as failure of the state to remit revenues to the City, loss of state shared revenues, or other impairment of a significant funding source for the remainder of the fiscal year. The Operating Reserve may also be used for unexpected mandates or other events that cause the City to incur unplanned expenses. The Operating Reserve allows for the continuance of critical City services due to these unanticipated events and is done so after all unassigned fund balance has been exhausted and no amount previously appropriated by the City Council is otherwise available. Any use of the Operating Reserve, and associated budget amendments, must be approved by the City Council and include a repayment plan that projects to restore the Operating Reserve within two fiscal years following the fiscal year in which the event occurred.
 - iii. Thirty percent (30%) will be dedicated to a Stabilization Reserve to provide funding to offset reductions in revenues resulting from fluctuations in the economic cycle that cannot be otherwise absorbed by the operating budget. The reserve funds will provide time for the City to restructure its operations in a deliberate manner to ensure continuance of critical City activities and is used after all unassigned fund balance has been exhausted and no amount previously appropriated by the City Council is otherwise available. Any use of the Budget Stabilization Reserve, and associated budget amendments, must be approved by the City Council and include a repayment plan, based on a multi-year financial projection, that plans to restore the Budget Stabilization Reserve within the three fiscal years following the fiscal year in which the event occurred.
 - b. General Capital Fund of \$1.0M
 - c. Transportation Improvement Fund of \$0.5M
 - d. Street Light Improvement Districts (SLIDs). SLIDs have a maximum levy limit of \$1.20 per \$100 of assessed valuation in accordance with A.R.S. § 48-616. To the extent that the levy limit has not been exceeded, taxes will be levied at a rate that will approach an individual ending fund balance reserve of five percent (5%) of its budgeted annual expenses.
 - e. Tourism Fund of \$5,000.
 - f. The Spring Training Ticket Surcharge Fund will have a minimum fund balance of \$600,000. Any excess fund balance remaining as of June 30 shall be remitted to the General Fund.
-

- g. The Water Fund will have a four-part reserve as follows:
 - i. The City will maintain an Operating Reserve equal to the average of budgeted personnel, supplies, and services expenses over a three-month period for that year's Council Adopted Budget for the Water Fund.
 - ii. The City will maintain an Asset Reserve equal to two percent (2%) of tangible capital assets of the system as of June 30 from the previous fiscal year.
 - iii. The City will maintain a Rate Stabilization Reserve equal to five percent (5%) of the total charges for services revenue. Monies may be withdrawn from this reserve to supplement operating revenue shortfalls caused by various economic factors which may cause either reduced revenues or an unforeseen increase in expenses. Any use of the Rate Stabilization Reserve, and associated budget amendments, must be approved by the City Council and include a repayment plan, based on a multi-year financial projection, that plans to restore the Rate Stabilization Reserve within the four fiscal years following the fiscal year in which the event occurred.
 - iv. The City will maintain a Resource Portfolio Reserve equal to fifteen percent (15%) of the total cost of delivery and capital charges for Municipal and Industrial plus the Phoenix Active Management Area (AMA) Underground Storage charges multiplied by the total amount of the City's Central Arizona Project (CAP) allocation.
- h. The Wastewater Fund will have a three-part reserve as follows:
 - i. The City will maintain an Operating Reserve equal to the average of budgeted personnel, supplies, and services expenses over a three-month period for that year's Council Adopted Budget for the Wastewater Fund.
 - ii. The City will maintain an Asset Reserve equal to two percent (2%) of tangible capital assets of the system as of June 30 from the previous fiscal year.
 - iii. The City will maintain a Rate Stabilization Reserve equal to five percent (5%) of the total charges for services revenue. Monies may be withdrawn from this reserve to supplement operating revenue shortfalls caused by various economic factors which may cause either reduced revenues or an unforeseen increase in expenses. Any use of the Rate Stabilization Reserve, and associated budget amendments, must be approved by the City Council and include a repayment plan, based on a multi-year financial projection, that plans to restore the Rate Stabilization Reserve within the four fiscal years following the fiscal year in which the event occurred.
- i. The Stormwater Fund will have a three-part reserve as follows:
 - i. The City will maintain an amount equal to the average budgeted personnel, supplies, and services expenses over a two-month period for that year's Council Adopted Budget for the Stormwater Fund.
 - ii. The City will maintain an amount equal to two percent (2%) of tangible capital assets of the system as of June 30 from the previous fiscal year for repair and replacement.
 - iii. The City will maintain a Rate Stabilization Reserve equal to five percent (5%) of the total revenues collected through charges for services. Monies may be withdrawn from this reserve to supplement operating revenue shortfalls caused by various economic factors which may

cause either reduced revenues or an unforeseen increase in expenses. Any use of the Rate Stabilization Reserve, and associated budget amendments, must be approved by the City Council and include a repayment plan, based on a multi-year financial projection, that plans to restore the Rate Stabilization Reserve within the four fiscal years following the fiscal year in which the event occurred.

- j. The Solid Waste Fund will have a four-part reserve as follows:
 - i. The City will maintain an Operating Reserve equal to the average of budgeted personnel, supplies, and services expenses over a three-month period for that year's Council Adopted Budget for the Solid Waste Fund.
 - ii. The City will maintain an Asset Reserve equal to two percent (2%) of tangible capital assets of the system as of June 30 from the previous fiscal year.
 - iii. The City will maintain a Rate Stabilization Reserve equal to five percent (5%) of the total charges for services revenue. Monies may be withdrawn from this reserve to supplement operating revenue shortfalls caused by various economic factors which may cause either reduced revenues or an unforeseen increase in expenses. Any use of the Rate Stabilization Reserve, and associated budget amendments, must be approved by the City Council and include a repayment plan, based on a multi-year financial projection, that plans to restore the Rate Stabilization Reserve within the four fiscal years following the fiscal year in which the event occurred.
 - iv. As the Solid Waste Utility has excess revenues, the City will maintain a phased Contingency Reserve equal to one-half percent (0.5%) beginning in FY2022 and increased to one percent (1%) for each subsequent year through FY2024.
 - k. The Risk Management Fund will maintain an amount that, together with purchased insurance policies, will adequately indemnify the City. The appropriate funding level will be set at three times the maximum annual loss of \$250,000 which is equal to \$750,000, which will be approved by the City Council.
 - l. The Healthcare Self-Insurance Trust Fund ("Trust Fund") will maintain an amount at a level which, together with purchased insurance policies (individual and aggregate stop loss), will adequately indemnify the City. The City has established an Adverse Times Reserve. The purpose of this reserve is to address cash flow needs caused by periods in which claim payments exceed projections. The target amount of this reserve is at least twenty-five percent (25%) of expected annual claims. If, at any time prior to the end of the fiscal year, the Trust Fund's target reserve is met and fully funded for the entire fiscal year based on the original budget projections approved by the City Council, the Finance Director shall document such funding and, after consulting with the City Manager, may conduct an evaluation of the claims incurred by the Trust Fund year to date, and if fiscally and financially prudent based on the claims incurred, Transfer from the City's various operating funds only that portion of the Employer premium necessary to cover actual claims incurred, such that the Trust Fund revenues are equal to the Trust Fund expenses, and the Trust Fund account experiences a zero change in net position. At all times the City will continue to transfer and deposit into the Trust Fund 100% of the monthly employee premiums collected.
 - m. The Workers' Compensation Self-Insurance Trust Fund will maintain an amount which, together with the purchased excess insurance policy will adequately indemnify the City. The City has established an Adverse Times Reserve of \$3,000,000. The purpose of this reserve is to maintain the regulatory required reserve and industry standard reserve
-

Financial Reporting Policies

47. The City's Finance Director will develop standard operating procedures to ensure the City's accounting and financial reporting systems are maintained in conformance with all state and federal laws, Generally Accepted Accounting Principles (GAAP) and the standards of the Governmental Accounting Standards Board (GASB).
48. An annual audit will be performed by an independent public accounting firm. The City will prepare a Comprehensive Annual Financial Report (CAFR) with the objective of receiving an unmodified ("clean") audit opinion. The independent auditor will present and discuss audit findings regarding internal controls and operational issues to the Audit Committee at a public meeting.

CAFR Fund Balance Reporting

1. The hierarchy from least spendable to most spendable fund balance for governmental funds of the City shall be: non-spendable, restricted, committed, assigned and unassigned. When funds are available from multiple classifications, it is the City's policy to utilize the most restrictive funding first.
2. Non-spendable fund balances are determined solely by their form.
3. Restricted fund balances are determined solely by the constraints placed on the use of the resources.
4. Committed fund balance represents amounts that have been constrained to a specific use by the formal action of the City's highest level of decision-making authority, the City Council. A majority vote of the City Council is necessary to establish, modify, or rescind a fund balance commitment.
5. The City has elected the following commitments of fund balance to be standardized from year to year.
 - a. A commitment for repair and replacement of general government vehicles and other rolling stock will be maintained based upon lifecycle replacement plans prepared annually. This commitment shall be maintained in the Vehicle Replacement Fund.
 - b. A commitment of a one and one-half percent (1.5%) construction sales tax to be used solely for the purposes of paying costs related to new roadways and to refurbish existing transportation corridors, to be maintained in the Transportation Improvement Fund (Ordinance No. 05-13).
 - c. In addition to the two and fifty-two hundredths percent (2.52%) transient lodging tax restricted by state statute, a commitment of an additional 1.0% transient lodging tax for a total of three and fifty-two hundredths percent (3.52%) will be used to promote tourism and be maintained in the Tourism Fund (Ordinance No. 2010-04).
6. In order to be reported as committed fund balance in the CAFR the City Council must approve the commitments prior to June 30th. However, the amount of the commitment may be determined after June 30th.
7. Amounts that have been constrained by the City's intent to be used for a specific purpose and are neither restricted nor committed are reported as assigned fund balance. The City Council has designated the authority to assign amounts to be used for specific purposes to the Chief Financial Officer (CFO).

- 49. The City's CAFR will be submitted annually to the Government Finance Officers Association (GFOA) Certificate of Achievement for Excellence in Financial Reporting program.
- 50. The City's Budget will be submitted to the Government Finance Officers Association (GFOA) Distinguished Budget Presentation program.
- 51. A financial report will be presented to the City Council no less than quarterly.

Public Safety Pension Funding

- 52. The City Council formally accepts the assets, liabilities, and current funding ratio of the City's PSPRS trust funds from the June 30, 2020 actuarial valuation, which are detailed below.

Trust Fund	Assets	Accrued Liability	Unfunded Actuarial Accrued Liability	Funded Ratio
Police	\$51,303,046	\$82,022,723	\$30,719,677	62.5%
Fire-Medical	\$55,933,947	\$71,669,589	\$15,735,642	78.0%

City of Surprise Totals \$107,236,993 \$153,692,312 \$46,455,319 69.8%

- 53. The City Council's PSPRS funding ratio goal is 100% (fully funded) by June 30, 2036. To achieve this goal, the City will do the following:
 - a. Pay the Annual Required Contribution (ARC) payment from operating funds. The estimated combined ARC for FY2022 is \$7,459,695.
 - b. Fund the fiscal year annual pension cost at the beginning of each fiscal year with the budgeted contribution amounts as estimated based on actuarial reports. The budgeted contribution amount will be based on the highest potential cost assuming that each qualifying position participating in PSPRS is fully staffed. If, during the course of the year, the required contribution amount exceeds the original budgeted amount, the City will contribute the additional funds on a per pay period basis to meet its funding obligations.
 - c. Establish a Public Safety Pension Reserve dedicated for the PSPRS unfunded liability. During year-end close, or at such other time as economically feasible as determined by the Finance Director and City Manager, and approved by Council, the amount of budget in excess of actual expenditures for the police and fire departments - personnel, supplies and service categories (operating expenses), within the General Fund, will be transferred into the Public Safety Pension Reserve.
 - d. The City's Finance Department will provide an annual update on the financial position of the PSPRS trust funds to City Council.
 - e. During the annual budget process or at such other time as economically feasible as determined by the Finance Director and approved by Council, Council will review the feasibility of making additional payments to the Public Safety Pension Reserve.
