

## **Surprise Tennis and Racquet Complex Player of the Month—March 2010**

**Why did you start playing tennis?**

**I just thought it would be fun!**

**Do you love tennis or like tennis?**

**I live tennis! I love playing the game. I love the mindset, the camaraderie, and the idea that you can continue to learn more and more. I just love the challenge tennis gives you every time you are on the court.**

**Tell me about your volunteer work...**

**Well, I started as a “Ball Mom” with the STRC Ball Kids Club helping Kelli Richardson. After that was over I was the volunteer captain for Sean’s Junior Team Tennis Team. I really enjoyed that because it was something I could do with my son and it also allowed me to check out these players he was hanging out with. :) I’ve been doing the After-School Tennis program in Surprise and its been fantastic. It’s great seeing it through their eyes and you can see where the success and enjoyment of the game is and can take them.**

**What is your favorite shot to hit?**

**A good shot that goes in is the best shot! I also like my serve thanks to JR.**
